## Hamilton Cab's Commitment to the Community Continues

**Hamilton ON** – Hamilton Cab Chairman and CEO, Jagtar Singh Chahal, is committed to ensuring that Hamilton Cab is more than just an average taxi cab company. A team of at over 25 Hamilton Cab staff and drivers participated this past Saturday in the Juravinski Cancer Centre Annual Bright Run, in support of Breast Cancer Research.

"We think that it is important to reach out into the community," says Chahal. "Everyone that works with Hamilton Cab, and our families, are committed to causes that are important in Hamilton, and the Bright Run is just one example of our efforts to participate."

Hosted at the Dundas Valley Conservation Area, the Bright Run annually raises thousands of dollars in support of Breast Cancer Research in Hamilton. In addition to the participants and fundraising, Hamilton Cab displayed its PINK Cab – a specially designed pink coloured cab that is used year round to promote Breast Cancer Research and fundraising awareness.

For more information on Hamilton Cab, its multitude of services including Airport Transportation, courier services, and much more, contact:
